## WHO ARE THE TEN SEXIEST MEN AND WOMEN?

WITH REACTIONS  
FROM LINDA EVANS,  
DON JOHNSON,  
TOM SELLECK AND  
JACLYN SMITH

**Women and cats. They go way back. The harshest feminists may arch their backs and growl that it's sexist to relate woman and beast, but we look at it this way: Men don't have an animal of their own. Women do.**

**As Abby Ewing on the nighttime soap *Knots Landing*, Mills is prima Donna. She purrs, preens, scratches and claws in the grand tradition of the tube's great cat women.**

**Off screen, Mills keeps a cat around the house (a Himalayan, it seems) and generally fulfills our expectations of prime-time soap-star behavior. At forty-two, Mills sometimes sounds too sensible and pragmatic, too career-minded, for our taste. We remind her: relax. All cats have nine lives.**
